Chairman’s Report to Council

Listening Session BIA for DOI:

I attended the Bureau of Indian Affairs (BIA), Department of the Interior (DOI) listening session on the Presidential Executive Order 13792, Review of the National Monuments over 100,000 acers. The other Tribal Nations in attendance were Navajo, Hopi, Zuni and Ute. These other four Tribal Nations are also part of the Bears Ears coalition that worked to have the National Monument designation given to the area.

Their main concern and focus of their comments were the struggle to have this designation passed, the meetings with the public and the passed DOI Secretary Jewell. That the sacredness of the area is integral to the spirituality of all the Native Nations in the area, that the hard fought co-management of the National Monument is indeed unique to this monuments designation and management plan. That the Tribes have been seeking this for over 80yrs and were not even given an opportunity to speak with Secretary Zinke during his visit to the area.

I spoke of the Southern Paiutes long lineage to the area, how we predate the Hopi for inhabiting this area. How our Traditional lands cover this area and more, how in 1994 we were part of the original coalition of cooperators to have the Escalante Grand Staircase receive its National Monument designation. That our Southern Paiute people have a long standing history of cooperation with the federal entities in our area. How we also worked to have the Gold Butte area receive its National Monument designation.

I spoke of the fact that not having Tribal Leaders during the tour and part of the process from the beginning is a violation of the E.O. 13175: Tribal Sovereignty and Consultation. I also covered the E.O.s that would be violated if the lands are opened up to Mining, Gas Exploration and Oil Drilling. That these pertinent Executive Orders are not the objects to be ignored, but should be viewed as though they are laws to be followed. That this is a direct reflection of their trust responsibilities, and that the Treaties as brought out by the US Constitution are to be held as the highest law of the land. I then listed the relevant E.O.s:
E.O. 13175; Recognizing Tribal Sovereignty and meaningful Consultation,
E.O. 13007; Tribal Sacred Sites,
E.O. 12898; Environmental Justice in Low Income and Minority Communities,
E.O. 12875; Federal Government pays for the Implementation of Federal Regulations,
E.O. 11593; Federal Entities are to be Leaders in Preservation, Maintenance and Restoration,
Ex. Memo. 4/29/94; Ensure that Federal Entities recognize and work with Tribal Entities in a Government to Government (G2G) relationship and that federal entities work in unison and cooperatively with tribes.

I also made mention of the fact that in the Utah State constitution, that the state does forever disclaim any and all right to title of any public lands, that the state of Utah, even if the National Monuments were to be rescinded would still have no rights or claim to these lands, to be able to use or to tax from these lands.
AIGA:

I attended the Arizona Indian Gaming Association meeting held at the Twin Arrows Casino east of Flagstaff. We covered the organizations need for H.R. policy and procedures, CEO job description, Assistant CEO job description, mission statement, employee manual all to be written and implemented. We approved the continuing lease for office space, contract with CPA firm, contract with General Counsel, and moved for the Assistant CEO to be made the CEO.

BIA WRO:

I had to hand deliver some case files to the BIA WRO in Phoenix, they said that they would review and get back to us.

Employment Opportunities – July 24, 2017

Title XX Homemaker/Title VI Senior Transportation: Full-Time/Benefits after 90 days; $9.00 hr
Maintain safe and sanitary living conditions for eligible individuals. Cleaning tasks include dusting, cleaning floors, bathrooms, windows (if necessary to attain safe or sanitary living conditions); cleaning oven and refrigerator (if necessary to prepare food safely); cleaning kitchen; washing dishes; changing linens; making beds; and routine maintenance of household appliances. Washing, drying and folding laundry. Ironing to be included if clothes cannot be worn otherwise. Shopping for and storing household supplies. Shopping and stacking wood along with cutting kindling for wood stoves. Provide assistance to CHR worker(s) with storing any medicines if necessary. Provide any minor transportation needs for any needed personal errands.

Title III Congregate Meals Cook: Full-Time (30 hrs wk)/Benefits after 90 days; $9.00 hr
This program provides congregate meals to the community elders with at least one-third their daily requirement of balance nutrition. The cook position is responsible for preparing menus, grocery shopping, planning, cooking, serving, cleanup and completing reports to the funding agency. Must have or acquire a Food Handlers Card and current CPR Certification. Must pass a fingerprint and criminal background check according to P.L. 101-630 standards.

RV Park Host(s): Part-Time, Seasonal; Space Rent, plus $9.00 hr
The primary objective of the RV Park Host is to provide a quality recreational experience for visitors within the Kaibab Paiute RV Park. The Host will implement nearly all operation tasks within RV Park. The RV Park Host position is often filled by a couple working as a team, we will hire singles as well. Host must possess good communication skills, demonstrate courteousness, and display a helpful attitude to all visitors, even under stressful situations. Provide a warm welcome to guests. Courteously provide efficient registration and reservations. Maintain accurate guest accounts using the proper procedures. Required to be knowledgeable and provide information regarding tourist attractions in the surrounding area. Collect fees (cash, credit card, check). Prepare weekly revenue and attendance reports. Responsible for cleaning Club House, including, but not limited bathrooms, showers, laundry room and main meeting area.

Siler Cactus Relocation Laborer: Full-Time, Temporary/No Benefits; $10.50 hr
The Siler Cactus is listed as a federally threatened species. This position, under the direction of the Environmental/Special Projects Director, is responsible for locating and extracting this cactus from the Lake Powell Pipeline corridor and then replanting them in a new site. Properly identify Siler Pincushion Cactus within a 250-foot-wide corridor paralleling SR 389. Map and document found cacti. Identify the cacti that is to be relocated and using proper procedures handle and relocate to designated area. Work
Fish Pond — Going Fishing remember that every Tribal Member needs to have a permit at no cost, because if for some reason the Bureau of Indian Affairs Police stop at the pond and ask for your fishing permit and you don’t have one, they could cite (write you a ticket into Tribal Court) if you don’t have one, it needs to be on you while your fishing, all Children need to be accompanied by an adult 18 years or older, while fishing or swimming. Only Tribal Members are allowed to swim in the pond. The cost for Non-Tribal members to fish is $10 dollars for the first day, then $5 dollars for the next 5 days when you bring the same permit back, and the limit that you can take home is 4 fish per day, for everyone, except for Children who can take home half of the adult.

Walking Path — there is a concern about the one blind spot in the path, which is between the RV Park and the Gym, there has been unknown Vehicles Park there, this is a safety concern for the safety of community members that use the path, if you walk the path and you see a Vehicle on it you should call BIA Police (643-6050) or the Wildlife Department (643-8305) try to get a description of the People and Vehicle with a License Plate Number. When any Vehicle goes on the path it will damage it, and the path will not last long.

Wildland Fire — If you see smoke or any fires call or report it to the Wildlife Department, we just had a Wildland fire on July 15 on Riggs Flat it burn 107 acres it was started by a down power line.

Watch out for Flash Flooding — Somethings to remember on flooding.

1. Watch out for Rain or Clouds near the mountains.
2. Never stand along the floods edge when flooding because it may cave into the flood.
3. Never walk, play, camp in washes.
4. Never try to cross a wash when flooding, even if it looks like you can, or if the water is just running over the road, the water can run faster than it looks.
5. Never drive into flooded washes or water running over the road.
6. Never drive around signage warning of flooding.

Giants — I have not seen any, that does not mean they not out there, because like an elder said the other day we as Paiute People have always had them in our legends this would be a good time to go to an elder and ask questions about this or about anything else, things we need to know as Paiutes that we don’t tell Non-Indians because they never believe.

Summer Youth helping with rain trough at Red Cliffs area. They did a good job!

2017 Southern Paiute Youth Hunt will

Myths and Facts About E-cigarettes

There's been a significant increase in electronic cigarette (e-cigarette) use in recent years, particularly among kids and teens, as well as smokers looking for an alternative to traditional cigarettes. But lack of basic consumer protection and U.S. Food and Drug Administration (FDA) oversight leaves concerns unanswered about the health and safety of these products. So what do we know? Here's a look at some common misperceptions about e-cigarettes.

**MYTH:** E-cigarettes are safe.
**FACT:** E-cigarettes are unregulated tobacco products.

**MYTH:** E-cigarettes don't have nicotine.
**FACT:** Almost all e-cigarettes contain nicotine—including many that claim they are nicotine-free.

**MYTH:** E-cigarettes can help smokers quit.
FACT: E-cigarettes expose others to secondhand emissions.

(continued)

The aerosol (vapor) emitted by e-cigarettes and exhaled by users contains carcinogens, such as formaldehyde, according to early studies. Little is known about these emissions or the potential harm they can cause.

-Facts from the American Lung Associationhttp://www.lung.org/

SO THERE YOU HAVE IT FOLKS! E-cigarettes or vape smoke is not a safe alternative to smoking regular cigarettes. If using unregulated tobacco products or smoking cigarettes is a problem for you please stop by my office, and we can discuss a plan to help you quit. I also have a Youth Coalition of about 10 Youth who are advocating against commercial tobacco! If you are a Youth between the ages of 13-18 please join the coalition and help us stand against the tobacco industry!!
PAIUTE STRONG

The Kaibab Paiute Tribe hosted the Thunder Mountain Elevate My Game Basketball Camp for its 12th year. The basketball camp is a 2 ½ day event held each year during the summer break. While EMG focuses on the fundamentals of basketball, they also believe in the importance of academic excellence and character enrichment. This year there were over 70 participants from Kaibab, PITU and the Shivwitz Reservation. Thank you to the Tribal programs that contributed: Substance Abuse, Mental Health, Housing, and Diabetes Prevention.

This year’s coaches from left: Viko Noma’aea, Shalyce Parashonts, Wendy Anae, Taylor Stanfield, and Sean Harris.

Head Coach Wendy Anae went to BYU with coaching experience at the collegiate and high school level. From 2006 to 2009 she was the head coach of the women’s basketball team at BYU-Hawaii. She has also been a player and a coach for the Samoa National Women’s Basketball Team in 2003 and 2007. At the high school level, she coached at Kahuku High School in Kahuku Hawaii from 2003 to 2005 and at Timpview High School in Provo during the 2005-06 season. In 2006 she co-founded Elevate My Game, a non-profit organization that helps advance young athletes in the Native American and Polynesian populations.

Viko Noma’aea played high school basketball at Sierra Vista High School in Las Vegas. He served a 2 year LDS Mission in Paris, France and played basketball on a full ride scholarship at Utah State University.

Sean Harris and Viko were team mates at Utah State for two seasons. He played high school basketball at Rocklin High School and Junior College ball at Yuba College in California. He also played Professional basketball in Colombia and in Finland and plans on returning to Europe to play again this upcoming season.

Shalyce Parashonts graduated from Moapa Valley High School in 2007 and was a 2 time first team all-state for girls basketball. From 2007-2008 Shalyce played as a starting freshman for Feather River College. She resides in Kaibab Az and is the Fitness Instructor and Certified Trainer for the Kaibab Paiute Tribe. This was her second year as an assistant coach to the camp.
The Early Learning Center kids joined the camp.

Is it illegal to talk on your cell phone while driving in Arizona?

This includes talking or texting on your cell phone while driving. The State of Arizona does not have a statewide ban on using a cell phone while driving. This means that drivers of any age are allowed to use their phones on the road without penalty or fines. However, this does not mean it is a good idea as of January 19, 016

Can you text and drive in Arizona?

There is no state-wide texting ban for drivers in Arizona. However, the city of Phoenix prohibits texting and fines are $100 (or $250 if texting is the cause of an accident). The city of Tucson has also passed anti-texting legislation that takes effect April 1, 2012. Like Phoenix, fines are $100 (or $250 if texting is the cause of an accident).

Did you know in 2016 that Arizona was ranked #3 in the country for pedestrian’s deaths? The national average of distracted driving in Arizona is double compared to the National average. What can we do to not be another statistic in Arizona?

NHTSA leads the national effort to save lives by preventing the dangerous behavior of distracted driving. Get the facts, get involved, and help us keep America’s roads safe. Distracted driving is dangerous, claiming 3,477 lives in 2015 alone, not be another statistic.
