Emergency Preparedness Month
News from the Administration Building

Annual Meeting is fast approaching – we are trying to determine how to hold this year’s meeting with the pandemic. We want to be able to inform the membership while maintaining a safe environment for all our people especially those that are in the high-risk category.

The doors to the administration building remain locked to assist in screening visitors. To enter the building, you need to wear a mask and have your temperature checked. Anyone with a temperature of 100 will not be allowed in the building. The administration building remains closed on Friday’s.

Construction will begin on the replacement of the sidewalks at the Community Park. A contract has been awarded and work is expected to be completed by the end of November 2020.

While you read our tribal newsletter please take note of the various activities being provided by our tribal programs. We realize this is a stressful time for everyone and want to provide activities and do it in a safe manner.

THANK YOU to our tribal community for being vigilant and careful while continuing to carry on with our daily lives. Many of us have not had to experience an event such as the pandemic and we are all doing our best.

RED CLIFFS CHEVRON

If you have been to the tribal Chevron Station you will notice the new flooring. It brightens up the interior. There are issues with the floor that are being addressed by the Contractor. The Tribe has signed a new contract with Jackson Energy, and they are providing approximately $180,000.00 to refresh the station. New gas pumps, lighting and a new Chevron sign have been ordered and will be a welcome sight.
Pest Control will be here on September 8, 2020, starting at 8:00 am. All rental units will be sprayed. Any homebuyer/owner that would like their house sprayed, please contact us. Yolanda 643-8308 or Kathryn 643-8315. The cost is $40.00.

ALL work orders must be called in first, before any work can be done. Call Yolanda or Kathryn.

For any emergency work orders that need to be done over the weekends, please call 643-8308.

Just a reminder all garbage must be bagged and any big items, need to be taken to the big dumpster behind the Early Learning Center, in Kaibab Village.

A new low rental home is being built in Lower Kaibab. When complete the home will be a 3-bedroom, 2 bath home. The funding for this home was allocated to the Tribal Housing Authority from H.U.D. under the Cares Act. Construction is being done by H & C Development, LLC.

For more info: Don Johnson, 928-643-7245
Yolanda Rogers, 928-643-7245.

There will be lots of good information to help you understand Cholesterol and how it affects for bodies
September is healthy aging month. Here are some suggestions on things we can do to help us live a longer and more healthy life.

People in the U.S. are living longer, and the number of older adults in the population is growing. As we age, our minds and bodies change. Having a healthy lifestyle can help you deal with those changes. It may also prevent some health problems and help you to make the most of your life.

A healthy lifestyle for older adults includes

- **Healthy eating.** As you age, your dietary needs may change. You may need fewer calories, but you still need to get enough nutrients. A healthy eating plan includes
  - Eating foods that give you lots of nutrients without a lot of extra calories. This includes fruits and vegetables, whole grains, lean meats, low-fat dairy, nuts, and seeds.
  - Avoiding empty calories, such as foods like chips, candy, baked goods, soda, and alcohol
  - Eating foods that are low in cholesterol and fat
  - Drinking enough liquids, so you don’t get dehydrated
- **Regular physical activity.** Being physically active may help you maintain a healthy weight and avoid chronic health problems. If you have not been active, you can start slowly and work up to your goal. How much exercise you need depends on your age and health. Check with your health care provider on what is right for you.
- **Staying at a healthy weight.** Being either overweight or underweight can lead to health problems. Ask your health care professional what a healthy weight for you may be. Healthy eating and exercise can help you get to that weight.
- **Keeping your mind active.** Lots of activities can keep your mind active and improve your memory, including learning new skills, reading, and playing games.
- **Making your mental health a priority.** Work on improving your mental health, for example by practicing mediation, relaxation techniques, or gratitude. Know the warning signs of a problem and ask for help if you are struggling.
- **Participating in activities that you enjoy.** People who are involved in hobbies and social and leisure activities may be at lower risk for some health problems. Doing things that you enjoy may help you feel happier and improve your thinking abilities.
- **Playing an active role in your health care.** Make sure that you get regular checkups and the health screenings that you need. You should know which medicines you are taking, why you need them, and how to take them properly.
- **Not smoking.** If you are a smoker, quitting is one of the most important things that you can do for your health. It can lower your risk of several different types of cancer, certain lung diseases, and heart disease.
- **Taking steps to prevent falls.** Older adults have a higher risk of falling. They are also more likely to fracture (break) a bone when they fall. Getting regular eye checkups, getting regular physical activity, and making your house safer can lower your risk of falling.
  Following these tips can help you to stay healthy as you age. Even if you have never done them before, it’s never too late to start taking care of your health. If you have questions about these lifestyle changes or need help figuring out how to make them, ask your health care provider.
TOBACCO USE AND SECONDHAND SMOKE EXPOSURE IS HIGH IN MULTIUNIT HOUSING

- About 80 million (1 in 4) people in the US live in multiunit housing, such as apartments.
- Many who live in public housing are especially affected by secondhand smoke, including children, the elderly, and people with disabilities.
- About 8 in 10 multiunit housing residents choose to make their own homes smoke-free.
- About 10 percent of adults in multiunit housing use combustible tobacco products, which are a source of secondhand smoke exposure.

Among multiunit housing residents with smoke-free home rules, 34 percent report that secondhand smoke involuntarily enters their homes from somewhere else in or around the building.

There is no safe level of secondhand smoke exposure

- Secondhand smoke can travel within multiunit housing and common areas through doorways, cracks, vents, electrical lines, ventilation systems, and plumbing.
- Opening windows and using fans does not completely remove secondhand smoke.
- Heating, air conditioning, and ventilation systems cannot eliminate exposure to secondhand smoke.
TUTORING APPOINTMENTS

We will begin having in person and Zoom tutoring appointments available beginning next week, August 31st. Appointments will be available Monday through Thursday. For students who are distance learning, appointments are being scheduled in the morning and early afternoon both in person and via Zoom.

For students who are going to school, appointments are being scheduled from 4:00-6:00 pm both in person and via Zoom. If you have more than one student in your family, you can make the appointment for your family unit.

Please call 928-643-6025 to schedule.

Zoom Workshops

DISTANCE LEARNING TIPS FOR PARENTS

This workshop will give you tips and ideas to help you and your students get the most from distance learning education. We will also discuss growth mindset, self-care, and advocating for your child.

ZOOM MEETING TIMES
MONDAY 8/31--6:00 PM
TUESDAY 9/1--6:00 PM
WEDNESDAY 9/2--6:00 PM
TIPS FOR PARENTS:
SETTING PHYSICAL BOUNDARIES

Helping children understand that they have the right to "Tell people 'NO'!" if anyone tries to hurt them or touch them in a way that makes them feel uncomfortable is an important, though sometimes difficult, task. But establishing boundaries around touch is integral to keeping kids safe. Use the tips below to help guide children and other adults when setting the norms and boundaries.

KNOW THE NUMBERS
Children can be hurt by both adults and other children in many ways, though most often it is by someone they know and often trust. For example:

More than

\[
\frac{1}{3}
\]

of sexual offenses against children are committed by other minors.\(^1\)

In reports to NCMEC between 2012-2016, over

\[94\%\]

of children were abducted by family, friends, or other known acquaintances.\(^2\)

Almost

\[33\%\]

of all AMBER Alerts issued in the U.S. between 2011 and 2016 involved children abducted by non-family members.\(^3\)

In cases reported to NCMEC in 2016, more than

HALF

of those who exploit children were known to the child, such as a family member, friend, or other authority figure (e.g. babysitter, coach, etc.)\(^4\)

CONTINUE THE CONVERSATION
Having regular, open conversations about safety is one of the best ways to help keep kids safe. Review the KidSmartz rules together. Make sure children understand the basic rules of safety. Let them know that you support these rules.

してください

CHECK FIRST
Check first before going anywhere.

Take a friend when going somewhere.

Tell people "NO" if they try to touch or hurt you.

Tell a trusted adult if anyone makes you feel sad, scared, or confused.

\(^1\) Hunter, JA, Figueredo, A., Malamuth, NM, & Becker, JV, 2003  
\(^2\) NCMEC, 2017  
\(^3\) NCMEC, 2011-2016  
\(^4\) NCMEC, 2017
TIPS FOR PARENTS:
SETTING PHYSICAL BOUNDARIES

Remind children that their bodies are their own.
It's never too early to start talking about consent. If your children don't feel comfortable giving hugs, sitting on laps, or are uncomfortable with another type of touch, encourage them to speak up and tell people "no".

Let children know you will listen.
Encourage children to talk about their concerns and listen respectfully. If your child discloses something troubling, try to respond calmly, and reassure children that telling you was the right thing to do.

Keep the adults in your child's life in the loop.
Many friends or family members may not think twice before picking up your children, giving them hugs, or otherwise showing their affection. Let adults in your child's life know that you are working on these skills and strategies. Suggest alternative options for showing affection if your child expresses discomfort, such as "How about a high five instead of a hug?"

Be a good role model.
Demonstrate what consent and boundaries look and sound like. Ask younger kids questions like "Would you like to be picked up to see better?" or "Should I help you get dressed, or would you like to do that on your own?". Take it a step further by extending this behavior to adults that you and the child interact with, for example: "I'm sorry you had a bad day Aunt Maria, can I give you a hug?"
The Kaibab Paiute Tribe celebrates
Native American Day
September 25, 2020

Hi-toon-eng’uh
(Dress Up)

Keep in mind that our language is not a written one, so we spell the language differently. I appreciate those speakers who are willing to offer their assistance.

Show your NATIVE PRIDE

On September 25, 2020 strike your best pose and share a photo of yourself or group all dressed up wearing your best Native fashion include name of participant(s) holding a sign with the 9/25/2020 date.

Please submit photos in the comment section under the post “STRIKE A POSE” on 9/25/2020 on the tribes official Kaibab Paiute Tribe Facebook page.

For more information or questions contact LeAnn at the Cultural Preservation Office 643-7365

*You do not have to be Native to participate. Just wear your best Native made fashions.*
Social Distancing Doesn’t Need to Be Boring

ART-Activity

for Students Pre-K to High School

The Cultural Preservation Department has washable cloth face masks students can come customize 2-masks with iron on decals. If you have your own solid colored washable face masks and would prefer to customize those you are welcome to bring them.

Walk-ins welcomed the office can accommodate up to 5 people at a time for this activity.

You can also call to make a private appointment on one of the activity dates.

PER TRIBAL POLICY:
Sign-in, Temperature Check, Hand sanitizing and Social Distancing required.
(Masks are required when social distancing cannot be maintained.)

Stop by the Cultural Preservation Office

Tuesday, September 8, 2020
1:00PM to 4:00PM Walk-ins

Wednesday, September 16, 2020
1:00PM to 5:00PM Walk-ins

Friday, September 18, 2020
9:00AM to 12:00PM Walk-ins

For more information contact LeAnn at 643-7365

Ona M. Segundo
08.24.2020
Wildlife Director - As it appears we may be in this “COVID-19 PANDEMIC” for some time, Tribal Deer Hunting may change due to CDC regulations, the committee held a meeting on June 24 and we talked about the 2020 Indians hunts and the Tribal hunts, the committee voted to cancel the Indian hunts for this year due to the high cases of COVID-19 on the Navajo and Hopi Tribes and in the four corners area. Depending on what stage the tribe is in at the time of the hunts, This is just head up, and has not gone before the council yet, permits will be issued outside of the tribal office at which time temperatures will be taken, you will need a mask. In stage 1 & 2- only one hunter per household, may bring a family member as a helper and only allowed a few days to get your deer, this will be for both Tribal members that live on and off the Reservation. If we are in stage 3 Everything is closed, and only Tribal Members that live on the Reservation, They have to get a permit and go out and get their deer the same day. Masks will be worn whenever Social Distancing can’t be used. This is just heads up at our September 62 meeting we should finalize this.

Watch out for DEER on the road - slow down between the store and Moccasin, if one crosses in front of you, there are more behind it, and sometimes they will run into the side of the Vehicle. All Car/Deer accidents need to be reported to Mohave County Sheriff, BIA Police or this Department, this is in the Wildlife Ordinance and in Arizona state law.

Fishing – All Tribal Members need a permit at no cost, so come in and get one for the 2020 season, all others cost $10 dollars for the first day, and remember to pick up your trash. Children need to be with someone 18 years or older while fishing and only tribal members can swim in the pond. And Social distancing needs to be practiced.

FireWood – Tribal Members you don’t need a permit to get firewood, unless you are selling it off the Reservation. But, to get wood for personal use or for a Tribal Member, you don’t need a permit. You can get wood anywhere on the reservation, as long as it is not green, Greenwood will burn slow and will plug up your chimney faster.

Back Dirt Roads – If for some reason you take the back roads, beware of the snow, sand, and mud, remember to tell someone where you are going and about what time you will return, take a lot of water, some snacks, matches, and bring a shovel, tow chain, and a jack (Handyman), Cell phone may or may not work, Text messaging may work better, and pick up all litter, KEEP MAIN GATES CLOSED!!!, if the road gets snowy, sandy or muddy turn back you don’t want to get stuck. If you know of someone that has gone out and not returned, call this Department at any time, (office or Home) contact any Wildlife Committee member, or BIA-Police. This will only be to get them home, but if asked to be pulled out, you may be charged a fee.

Any questions or concerns contact Danny Bulletts, Jr. at 643-8305 or Email me at dbullettsjr@kaibabpaiute-nsn.gov.
Employment Opportunities

**Diabetes Fitness Coordinator Assistant**  
CHR Department  
$11.75/hr, no benefits  
Part-time, permanent  
OPEN UNTIL FILLED

This is a great position for someone looking to help others reach their goals and become healthier.

- Assist Diabetes Fitness Coordinator with teaching individual and group classes
- Open and close Tribal Gym, some weekends required
- Transport tribal and community members
- Keep facility and equipment clean
- CPR and First Aid mandatory within 90 days
- Native Fitness Certification within 1 year

**CHR Assistant/Receptionist**  
CHR Department  
$12.50/hr, benefits after 90 days  
Full-time, permanent  
OPEN UNTIL FILLED

This job requires medical knowledge and experience, a high-level of organization and a desire to help the community. CNA (Certified Medical Assistant) or MA (Medical Assistant) certification preferred, but not required

- Coordinate services, billing and information between the patient, Indian Health Services, and the Kaibab Paiute Tribal Health department, must be good with patients, fellow employees and associated businesses
- Strictly adhere to Tribal and IHS policies in order to ensure that members continue to be eligible for services

NOTICE

We have worked hard to clean up the Maintenance Building and its surrounding area, including the areas around the dumpsters.

Please help us to keep this area clean and free of garbage. If you have large items, such as mattresses, to dispose of, that do not fit inside the dumpster, please take them directly to the landfill.

PLEASE PLACE ALL GARBAGE INSIDE THE DUMPSTER
DO NOT LEAVE IT ON THE GROUND
Additional Items to Consider Adding to an Emergency Supply Kit:

- Prescription medications and glasses
- Infant formula and diapers
- Pet food and extra water for your pet
- Important family documents such as copies of insurance policies, identification and bank account records in a waterproof, portable container
- Cash or traveler's checks and change
- Emergency reference material such as a first aid book or information from www.ready.gov
- Sleeping bag or warm blanket for each person. Consider additional bedding if you live in a cold-weather climate.
- Complete change of clothing including a long sleeved shirt, long pants and sturdy shoes. Consider additional clothing if you live in a cold-weather climate.
- Household chlorine bleach and medicine dropper – When diluted nine parts water to one part bleach, bleach can be used as a disinfectant. Or in an emergency, you can use it to treat water by using 16 drops of regular household liquid bleach per gallon of water. Do not use scented, color safe or bleaches with added cleaners.
- Fire Extinguisher
- Matches in a waterproof container
- Feminine supplies and personal hygiene items
- Mess kits, paper cups, plates and plastic utensils, paper towels
- Paper and pencil
- Books, games, puzzles or other activities for children
Recommended Items to Include in a Basic Emergency Supply Kit:

- Water, one gallon of water per person per day for at least three days, for drinking and sanitation
- Food, at least a three-day supply of non-perishable food
- Battery-powered or hand crank radio and a NOAA Weather Radio with tone alert and extra batteries for both
- Flashlight and extra batteries
- First aid kit
- Whistle to signal for help
- Dust mask, to help filter contaminated air and plastic sheeting and duct tape to shelter-in-place
- Moist towelettes, garbage bags and plastic ties for personal sanitation
- Wrench or pliers to turn off utilities
- Can opener for food (if kit contains canned food)
- Local maps

Through its Ready Campaign, the Federal Emergency Management Agency educates and empowers Americans to take some simple steps to prepare for and respond to potential emergencies, including natural disasters and terrorist attacks. Ready asks individuals to do three key things: get an emergency supply kit, make a family emergency plan, and be informed about the different types of emergencies that could occur and their appropriate responses.

All Americans should have some basic supplies on hand in order to survive for at least three days if an emergency occurs. Following is a listing of some basic items that every emergency supply kit should include. However, it is important that individuals review this list and consider where they live and the unique needs of their family in order to create an emergency supply kit that will meet these needs. Individuals should also consider having at least two emergency supply kits, one full kit at home and smaller portable kits in their workplace, vehicle or other places they spend time.

Washington, DC 20472
10 things you can do to manage your COVID-19 symptoms at home

If you have possible or confirmed COVID-19:

1. **Stay home** from work and school. And stay away from other public places. If you must go out, avoid using any kind of public transportation, ridesharing, or taxis.

2. **Monitor your symptoms** carefully. If your symptoms get worse, call your healthcare provider immediately.

3. **Get rest and stay hydrated.**

4. If you have a medical appointment, **call the healthcare provider** ahead of time and tell them that you have or may have COVID-19.

5. For medical emergencies, **call 911 and notify the dispatch personnel** that you have or may have COVID-19.

6. **Cover your cough and sneezes** with a tissue or use the inside of your elbow.

7. **Wash your hands often** with soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol.

8. As much as possible, **stay in a specific room and away from other people** in your home. Also, you should use a separate bathroom, if available. If you need to be around other people in or outside of the home, wear a mask.

9. **Avoid sharing personal items** with other people in your household, like dishes, towels, and bedding.

10. **Clean all surfaces** that are touched often, like counters, tabletops, and doorknobs. Use household cleaning sprays or wipes according to the label instructions.
Symptoms of Coronavirus (COVID-19)

Know the symptoms of COVID-19, which can include the following:

- Cough, shortness of breath or difficulty breathing
- Fever or chills
- Muscle or body aches
- Vomiting or diarrhea
- New loss of taste or smell

Symptoms can range from mild to severe illness, and appear 2-14 days after you are exposed to the virus that causes COVID-19.

Seek medical care immediately if someone has emergency warning signs of COVID-19.

- Trouble breathing
- Inability to wake or stay awake
- Persistent pain or pressure in the chest
- Bluish lips or face
- New confusion

This list is not all possible symptoms. Please call your healthcare provider for any other symptoms that are severe or concerning to you.

cdc.gov/coronavirus
What Your Test Results Mean

If you test positive for COVID-19
TAKE STEPS TO HELP PREVENT THE SPREAD OF COVID-19

**STAY HOME.**
Do not leave your home, except to get medical care. Do not visit public areas.

**GET REST AND STAY HYDRATED.**
Take over-the-counter medicines, such as acetaminophen, to help you feel better.

**STAY IN TOUCH WITH YOUR DOCTOR.**

**SEPARATE YOURSELF FROM OTHER PEOPLE.**
As much as possible, stay in a specific room and away from other people and pets in your home.

---

If you test negative for COVID-19

- You probably were not infected at the time your sample was collected.
- However, that does not mean you will not get sick.
- It is possible that you were very early in your infection when your sample was collected and that you could test positive later.

A negative test result does not mean you won’t get sick later.

August 24, 2020

To My Tribal People

This is an FYI from my Frank family. I hope by now that you have been aware that our oldest Tribal Member Elder, Priscilla (Castro) Gutierrez (e’hipe) had left this life on August 9, 2020.

Also, her middle daughter, Diane ("Mitzi") Dyer passed August 4, 2020 of cancer. Both resided in Riverside, CA. An "Oh Vee Tuh" (sing) will be held sometime in September. All with protocols of the Covid 19 Team and approval of the Tribal Council a date will be forthcoming. This has been a devastating loss for our family as well as the Tribe.

Thank you in advance,

Hopper
Random Acts of Kindness and Service

Pull weeds, pick up trash, stack wood, check on an elder, bake cookies for a neighbor, etc.

Do an act (or several) of Kindness or Service to your family or the community and get a free BEE KIND t-shirt from Human Services

Email a photo, video or story about your acts of kindness or service and your t-shirt size to the Support Services Assistant at denas@kaibabpaiute-nsn.gov

While quantities last!
EFT Tapping Meditations

During this time of uncertainty and global crisis, EFT tapping is available to ease your mind, calm your nervous system and offer surprising benefits. Emotional Freedom Technique (EFT), which people often refer to as EFT Tapping, is an alternative therapy for anxiety, post-traumatic stress disorder (PTSD), and other conditions.

Starting September 1, 2020

Human Services will be hosting a 10-15 minute guided EFT Tapping Meditation on Zoom

Each morning Monday–Thursday at 11:00 AM

Text or call (435)-689-0381 for ID and Password
